Subject index

AAT
  α_1-antitrypsin deficiency, molecular pathology, review, 653
ACE I/D polymorphism
  cardiac deaths, 211
  deletion allele, hypertension, 659
Acromegaly
  surgery, 617
Acute renal failure
  earthquake victims, Iran, 35
Addison's disease
  oedema, replacement therapy, 437
Adrenal vein sampling
  von Hippel-Lindau disease, diagnosis by adrenal vein sampling and catecholamine assay, 49
Alcoholism
  liver transplantation, psychiatric outcome, 731
Allergic bronchopulmonary aspergillosis
  management, 529
Amyloidotic mutation in apoAI
  familial nephropathic systemic amyloidosis, 149
ANCA testing
  clinical significance, vasculitis, 291
Angiitis
  CNS, primary, angiography, 351
Angiography
  primary angiitis, CNS, 351
Angiotensin-converting enzyme
  gene deletion allele, hypertension, 659
Arthritis
  inflammatory, infection, review, 647
Antitrypsin deficiency
  molecular pathology, review, 653
Association of Physicians
  Eighty-Eighth Annual General Meeting, 577
Asthma
  behavioural risk factors, morbidity, 639
  house dust mites, humidity, commentary, 367
Atherosclerosis
  lipoproteins, particle size, review, 709
Atherosclerotic renovascular disease
  clinical presentation, 413
Bees
  Africanized 'killer', attacks, Brazil, 269
  Africanized 'killer', public health, mini-review, 263
Biliary cirrhosis
  primary, *TAP* genes, 237
  therapeutic trials, primary ,commentary, 701
Birmingham Vasculitis Activity Score (BVAS)
  systemic necrotizing vasculitis, 671
Blindness
  cryptococcal meningitis, adults, Papua New Guinea, 343
Blood donors
  viral hepatitis, sickle-cell disease, Nigeria, 407
Bone disease
  metabolic, Dent's disease, familial renal tubular syndrome, hypercalciuria, nephrocalcinosis, renal failure, male predominance, 473
Bone mineral density
  smoking, older men, 625
Brazil
  Africanized 'killer' bees, attacks, 269
Bronchiolitis obliterans
  current concepts, clinical review, 1
C1q deficiency
  hereditary, systemic lupus erythematosus, 455
C3 nephritic factor
  systemic lupus erythematosus, 609
Caeruloplasmin
  hereditary deficiency, dementia, diabetes mellitus, 663
Cancer treatment
  drug-DNA interactions, discoveries and possibilities, editorial, 195
Cardiac side-effects
  sodium stibogluconate, 465
Cardiac surgery
  audit of patients aged over 70 years, 89
Cardiovascular biology
  free radicals, antioxidants, mini-review, 445
Cerebral radiation necrosis, 119
Chemotherapy
  solid tumours, editorial, 319
Chest pain
  normal coronary arteries, correspondence, 68
Chronic fatigue syndrome
  hyperventilation, 63
  hyperventilation, correspondence, 373
  hyperventilation, correspondence, 443
Circadian variation
  nephrotic syndrome, urinary sodium excretion, 109
Cirrhosis
  primary biliary, *TAP* genes, 237
  primary biliary, therapeutic trials, commentary, 701
Coeliac disease
  diabetes mellitus, 631
Colitis
  self-limited, toxic dilation, 55
Common diseases
  'castles of health', editorial, 375

Coronary arteries
normal chest pain, correspondence, 68
Coronary artery bypass surgery
serum lipoproteins, 539
Cryptococcal meningitis
blindness, adults, Papua New Guinea, 343
Cyclosporin
inhibition of phagocytes, 311
Dementia
hereditary caeruloplasmin deficiency, diabetes mellitus, 663
Dent's disease
familial renal tubular syndrome, hypercalciuria, nephrocalcinosis, metabolic bone disease, renal failure, male predominance, 473
Dermatitis
atopic, advances, clinical review, 323
Diabetes
DCCT, commentary 315
left ventricular diastolic dysfunction, correspondence, 519
mellitus, coeliac disease, 631
mellitus, hereditary caeruloplasmin deficiency, dementia, 663
oxidant injury, tubular damage, nephropathy, 601
screening, correspondence, 69
type 2, hypertension, enalapril versus bendroflumethiazide, 747
Diagnosis
new, for old diseases, commentary, 253
new, for old diseases, correspondence, 575
Diastolic dysfunction
left ventricular, clinical review, 143
left ventricular, diabetes, correspondence, 520
Disease definition
new diagnoses, commentary, 253
new diagnoses, correspondence, 575
DNA
drug interactions, discoveries and possibilities for cancer treatment, editorial, 195
Drugs
molecular modelling, mini-review, 379
Elderly patients
pacemarkers, DDS vs. VVI pacing, heart block, 245
Encephalopathy
acute, diagnosis, outcome, 169
Endocarditis
staphylococcal tricuspid valve, normal hearts, no narcotic abuse, 755
Endothelial cell activation
systemic vasculitis, 741
Epilepsy
antiepileptic drugs, editorial, 139
Ethics
teaching medical, commentary, 759
Factor VII
ischaemic heart disease, fatality, 403
Familial proximal renal tubular syndrome
Dent's disease, hypercalciuria, nephrocalcinosis, metabolic bone disease, renal failure, male predominance, 473
Folic acid
neural tube defects, prevention, editorial, 705
France
pregnancy, systemic lupus erythematosus, 721
Free radicals
antioxidants, cardiovascular biology, mini-review, 445
Gastroenteropancreatic tumours
metastatic, somatostatin receptor scintigraphy, 83
Genetic testing
Huntington's disease, ethical issues, commentary, 71
Glomerular disease
isolated microscopic haematuria, correspondence, 575
renal biopsy, microscopic haematuria, 329
Glomerulonephritis
idiopathic membranous, treatment, editorial, 199
postinfectious, alcoholism link, 97
Glucocorticoids
infants, editorial, 259
Glucose tolerance
hyperparathyroidism, chronic renal failure, 359
Graves' disease
block-replace treatment, 337
Haemodialysis
oxidative stress, 679
Haemolytic uraemic syndrome
plasminogen activator inhibitor, diarrhoea, 737
Haemophilia A
osteoporosis, study, 181
Heart block
pacemarkers, DDS vs. VVI pacing, elderly patients, 245
Heart disease
ACE I/D polymorphism, cardiac deaths, 211
Addison's disease, oedema, replacement therapy, 437
cardiac surgery, audit of patients aged over 70 years, 89
coronary artery disease, serotonin $5HT_2$, mini-review, 11
chest pain, normal coronary arteries, correspondence, 68
DDD vs. VVI pacing in the elderly, 245
Factor VII, fatality, 403
left ventricular diastolic dysfunction, clinical review, 143
left ventricular diastolic dysfunction, diabetes, correspondence, 519
hyperinsulinaemia, correspondence, 317
hyperinsulinaemia, ischaemic, myocardial infarction, left ventricular function, 131

serum lipoproteins, coronary artery bypass surgery, 539
staphylococcal tricuspid valve endocarditis, normal hearts, no narcotic abuse, 755
ventricular aneurysmectomy, 41
Heat-shock protein
systemic lupus erythematosus, 215
Helicobacter pylori
peptic ulcer disease, eradication, 283
Hepatitis
transfusion-related, editorial, 589
viral, sickle-cell disease, blood donors, 407
Hereditary factor 1
deficiency, 385
HIV
transmission, mother to infant, editorial, 521
HLA class II genes
primary biliary cirrhosis, 237
Huntington's disease
testing, ethical issues, commentary, 71
Hypercalciuria
Dent's disease, familial renal tubular syndrome, nephrocalcinosis, metabolic bone disease, renal failure, male predominance, 473
Hyperinsulinaemia
ischaemic heart disease, myocardial infarction, left ventricular function, 131
Hyperoxaluria
primary, type I, mini-review, 593
Hypertension
angiotensin-converting enzyme, ACE I/D polymorphism, 659
insulin-mediated glucose disposal, black South Africans, 431
type 2 diabetes, enalapril versus bendroflumethiazide, 747
Hyperventilation
chronic fatigue syndrome, correspondence, 373
chronic fatigue syndrome, correspondence, 443
India
salmonellosis, manifestations, 301
Infants
glucocorticoids, editorial, 259
Insulin-mediated glucosal disposal
hypertension, black South Africans, 431
Intestinal ischaemia
systemic sclerosis, 495
Iran
acute renal failure, earthquake victims, 35
Kidney disease
amyloidotic mutation in apoAI, familial nephropathic syndrome, 149
atherosclerotic, clinical presentation, 413
chronic renal failure, nephrology referral, 559
Dent's disease, familial renal tubular syndrome, hypercalciuria, nephrocalcinosis, metabolic bone disease, renal failure, male predominance, 473
glomerular disease, isolated microscopic haematuria, correspondence, 575
glomerular disease, renal biopsy, microscopic haematuria, 329
glomerulonephritis, idiopathic membranous, treatment, editorial, 199
haemolytic uraemic syndrome, plasminogen activator inhibitor, diarrhoea, 737
hyperparathyroidism, glucose tolerance, chronic renal failure, 359
idiopathic membranous, renal failure, treatment, nephropathy, 223
Mediterranean spotted fever, murine typhus, kidney involvement, 103
oxidative stress, haemodialysis, 679
parathyroidectomy, parathyroid reimplantation, 685
stone disease, dietary chloride, urinary calcium, 501
Kidney stones
dietary chloride, urinary calcium, 501
primary hyperoxaluria type I, mini-review, 593
Left ventricular
diastolic dysfunction, clinical review, 143
function, hyperinsulinaemia, ischaemic heart disease, mycocardial infarction, 131
Lipsomal amphotericin B (AmBisome)
visceral leishmaniasis, Mediterranean, 75
Lipoproteins
atherogenic, particle size, review, 709
coronary artery bypass surgery, 539
Liver disease
transplant, alcohol, psychiatric outcome, 731
Lung diffusion capacity
nitiric oxide, primary pulmonary hypertension, 547
Malaria
falciparum, exchange transfusion, 553
prophylaxis, risk factors for non-compliance, 17
Mediterranean
spotted fever, murine typhus, kidney involvement, 103
visceral leishmaniasis, lipsomal amphotericin B (AmBisome), 75
Membranous
glomerulonephritis, idiopathic, treatment, editorial, 199
nephropathy, idiopathic, renal failure, treatment, 223
Meningitis
bacterial, relapsing, adults, 511
cryptococcal, blindness, adults, Papua New Guinea, 343
Metastatic gastroenteropancreatic tumours
somatostatin receptor scintigraphy, 83
Molecular pathology
α_1-antitrypsin deficiency, review, 653

Motor neurone disease
prevalence, disability, Wales, 693
Multiple sclerosis
aetiology, correspondence, 769
viral aetiology, mini-review, 523
Murine typhus
Mediterranean spotted fever, kidney involvement, 103
Myocardial infarction
hyperinsulinaemia, ischaemic heart disease, left ventricular function, 131
Nephrocalcinosis
Dent's disease, familial renal tubular syndrome, hypercalciuria, metabolic bone disease, renal failure, male predominance, 473
Nephropathic systemic amyloidosis
familial, amyloidotic mutation in apoAI, 149
Nephropathy
idiopathic membranous, renal failure, treatment, 223
Nephrotic syndrome
urinary sodium excretion, circadian variation, 109
Neural tube defects
prevention, folic acid, editorial, 705
Neurogenic respiratory insufficiency
use of the rocking bed, 423
Nigeria
viral hepatitis, sickle-cell disease, blood donors, 407
Nitric oxide
primary pulmonary hypertension, lung diffusion capacity, 547
Oedema
Addison's disease, replacement therapy, 437
Osteoporosis
haemophilia A, study, 181
recent advances, clinical review, 203
Oxidant injury
diabetic nephropathy, tubular damage, 601
Oxidative stress
haemodialysis, 679
Pacemarkers
DDS vs. VVI pacing, heart block, elderly patients, 245
Papua New Guinea
cryptococcal meningitis, adults, blindness, 343
Parathyroid reimplantation
parathyroidectomy, chronic renal failure, 685
Patients
difficult, 187
Peptic ulcer disease
Helicobacter pylori, eradication, 283
Phaeochromocytomas
bilateral, von Hippel-Lindau disease, diagnosis by adrenal vein sampling and catecholamine assay, 49
Phagocytes
inhibition of, cyclosporin, 311
Phenylketonuria
young adults, outcome, neonatal screening 1964–1971, 155
Plasminogen activator inhibitor
haemolytic uraemic syndrome, diarrhoea, 737
Pneumonia
bronchiolitis obliterants, current concepts, clinical review, 1
Pregnancy
systemic lupus erythematosus, France, 721
Pulmonary hypertension
primary, lung diffusion capacity, 547
Respiratory disease
antitrypsin deficiency, molecular pathology, review, 653
nitric oxide, primary pulmonary hypertension, lung diffusion capacity, 547
Respiratory insufficiency
neurogenic, use of the rocking bed, 423
Salmonellosis
unusual manifestations, India, 301
Scintigraphy
somatostatin receptor, metastatic gastroenteropancreatic tumours, 83
Sclerosing panencephalitits
subacute, Wales, 23
Serotonin $5HT_2$
coronary artery disease, mini-review, 11
Sickle-cell disease
viral hepatitis, blood donors, Nigeria, 407
Smoking
bone mineral density, older men, 625
Sodium stibogluconate
cardiac effects, 465
Staphylococcal tricuspid valve endocarditis
normal hearts, no narcotic abuse, 755
Systemic lupus erythematosus
C3 nephritic factor, 609
C1q deficiency, hereditary, 455
90 kDa heat-shock protein, 215
pregnancy, France, 721
Systemic necrotizing vasculitis
Birmingham Vasculitis Activity Score (BVAS), 671
Systemic sclerosis
intestinal ischaemia, 495
Systemic vasculitis
endothelial cell activation, 741
Teaching
medical ethics, commentary, 759
Thyroid disease
autoimmune, B7/BB1 expression, 231
chronic renal failure, parathyroidectomy, parathyroid reimplantation, 685
Graves' disease, block-replace treatment, 337
hyperparathyroidism, glucose tolerance, chronic renal failure, 359

Transfusion
-related, hepatitis, editorial, 589
Transjugular intrahepatic portosystemic stent-shunt (TIPSS)
long-term efficacy, 565
Tubular damage
diabetic nephropathy, oxidant injury, 601
Urinary sodium excretion
nephrotic syndrome, circadian variation, 109
Ventricular aneurysmectomy, 41
Viral aetiology
multiple sclerosis, mini-review, 523
Visceral leishmaniasis
lipsomal amphotericin B (AmBisome), Mediterranean, 75
von Hippel-Lindau disease
bilateral phaeochromocytomas, diagnosis by adrenal vein sampling and catecholamine assay, 49
Wales
motor neurone disease, prevalence, disability, 693
subacute sclerosing panencephalitits, 23
Wegener's granulomatosis
classical versus non-renal, 161
